## CHAMBERLAIN SEES NO CAUSE FOR BIG WORRY

Noted Britisher Says No Reason to be Anxious Over Pound

LONDON, Nov. 22.—(Special Cablegram.)—The British government's debt note to the United States as a request for "provisional" suspension of payment during discussion of the problem, said Chamberlain today he saw no reason to worry regarding the strength of the pound sterling because of the certainty of the new financial agreement and that it helped to create confidence in the pound.

## PROVISIONAL SUSPENSION

"We have requested a provisional suspension of payment while the matter is under discussion between the two governments," said Chamberlain today. "I don't think that is an unreasonable proposal."

"There is no doubt that the suspension of payment for two months arrived upon at London has an immediate effect upon the public opinion in all the European financial centers and that it helped to create confidence in the pound. The final agreement which was completed will be a great relief to the pound."

## FOR ENTIRE WORLD

"It seems to me important in the interests of the entire world that this confidence should be maintained at the beginning of a discussion which we hope may prove advantageous to both parties."

## OFF GOLD STANDARD

"When we were on the gold standard we lost gold in the autumn," said Chamberlain today. "We are now on the gold standard these payments are not made in the gold."

## TRADE BALANCE BETTER

"We have paid £220,000,000 in short term credits, but the trade balance is £30,000,000 better than it was at the beginning of the year."

## LABOR PLEASED WITH RESULTS OF ELECTIONS

Party Satisfied With Progress to Jobs Insurance

Satisfaction with the result of the recent election was expressed by several speakers at the regular meeting of the Edmonton branch of the Canadian Labor Party held in the Labor Hall on Tuesday night. President Elmer Roper occupied the chair.

"The meeting was informed that the Dominion government had announced it would call a meeting of the provincial governments for the purpose of dealing with the matter of unemployment insurance. Members stated they were pleased with the progress made in this direction. The type of insurance had been supported by the Party for some time."

Decision was made to make arrangements for a series of lectures on economic subjects during the winter months. Outstanding speakers will be asked to address the meetings of the party during the winter.

CALGARY, Nov. 22.—(Net returns to growers of 56.45 cents a bushel on the first pool and 52.08 cents per bushel on the second pool were paid on the 1931-32 crop handling which terminated July 15 this year. It was disclosed in the annual report of the directors submitted to annual meeting of the Alberta Wheat Pool here Tuesday. Seventy delegates representing 42,000 members are attending the meeting.

## PAYMENTS DISCLOSED

In disclosing payments for the 1931-32 pool, final payment for which was made August 13 last, the report pointed out the handling of the crop in two separate pools was effected for the first time since the pool organized in 1923. It was made necessary through the option exercised by members of selling through the pool at going prices or on a pool basis.

## OUTSTANDING WEAKNESS

# American A.A.U. Adopts Metric System for Track and Field Competition

## U.S. AMATEUR UNION HOLDS YEARLY MEET

### Three Important Decisions Agreed On At New York Convention

NEW YORK, Nov. 23.—The United States Amateur Athletic Union today adopted the metric system of measurement for all track and field events, ruled out all "special" heats in amateur boxing tournaments and abandoned an attempt to raise Olympic funds by an "Olympic Tax" on admission to sports events in the closing session of its 46th annual convention yesterday.

The change to the metric system, the universal standard in European competition, came as a surprise to the delegates for the question, a matter of argument for a number of years, was not on the convention's agenda.

But the motion to supersede yards with meters was adopted by a three-fourths vote of the delegates with only a single dissenting vote.

### CANADA STAYS

The delegates left Canada as one of the few nations still using the yards and miles measure in the realm of sports.

John J. Maguire, Bowdoin track coach, with C. Gilbert, chairman of the advisory board of education at Yale, were the only delegates in favor of the change. Advocates of it in "barbaric American athletics."

"Some of us," he said, "are coming to the universal system of measurement. It is obvious that the metric system is the only one that can be changed so it is up to us to make our system conform."

The change will be effective in the United States January 1. The change applies only to track and field, not to swimming or other sports.

**TAX OUT**  
The proposed "Olympic Tax" of five cents on all admissions of 50 cents or more was voted down by a three-fourths vote of the delegates. It was an attempt to raise funds for the American Olympic committee for the 1936 Olympic games in Berlin.

The delegates approved the "Metric Canada" motion, which would have the Canadian Amateur Athletic Union adopt the metric system of measurement for all track and field events.

# Hotelmen Want East Market for Alberta Coal

## AMUSEMENTS

### STRAND

With her for the first time, the Captain Plunkett has given yet, the Dumbbells are delighting large audiences at the Strand theatre this week, with their all-time musical offering, "Cheerio." It is a happy tale and a happy show.

Plunkett is featuring his third budget of Limericks and singing "Tomorrow is Another Day" and a ditty about potatoes.

Harry Hunt, the silver voiced tenor, is literally stopping the show at every performance with his feature song, "Boy of Mine" while his two ensemble numbers, "Something Old" and "In An Old Fashioned Garden," add materially to the charm of the production. Pat Rafferty gives laughable pic-

ture of the girl who was left behind in his song, "Why Am I Always the Bridemaid?" and he also plays an important part in the sketches, especially "Uncle Dudley." Don Rumsen sings "Chloe" and repeats his hit of last year.

Curley Nixson and Scotty Morrison give a splendid account of themselves and keep the tempo of performance running full speed with their various timely appearances.

Andre Carline, the little girl with the million dollar personality, has a lot to do in "Cheerio," but she does it so beautifully that the audience cannot seem to get enough of her. She gives positive proof of her versatility by including "Roll On Mississippi" and "My Mom on the same program.

## STAR GAZING

HEBE DANIELS

makes her return to the screen in "Art of God," which is named Barbara Hebe Daniels.

### RIALTO

George Meeker, the talented young actor who appeared as Sidney Fox's brother in the film, "The Dumbbells," plays a leading role in Columbia's "Vanity Street," in which Charles Bickford, Helen Chandler and Mary McLeod appear in principal roles. It is showing Thursday to Saturday at the Rialto theatre.

The story chronicles the romantic adventures of a New York radio cop and a chorus.

Lecher was taken into custody in his private papers and is exposed in Tim McCoy's thrilling story of a Texas's case of honor in the west in Columbia's "Fighting for Justice," as the added feature on the same program.

Showing last time today is Lee Tracy in "Washington Merry-Go-Round."

### CAPITOL

True of most motion pictures of novels and stage plays as well, the title of "A Bill of Divorcement" which opens a three-day run at the Capitol theatre today, does not fitly describe the nature of the play.

For "A Bill of Divorcement" is not a divorce problem play. Rather the picture awards to heights of sheer sentimental drama, the drama of a woman's courage, man's dependency, and a young girl's determination to divorce as such is incidental to the theme.

The film stars John Barrymore in what has been described as his greatest role.

Playing in featured support are Katharine Hepburn, a glamorous new comer to the screen for stardom in production, and Billie Burke, one of the greatest actresses of the American stage.

### EMPIRE

The spirit of the sound page-termining scene and thrilling climax—dominates the powerful theme of "Strange Justice," which opens Thursday at the Empire theatre with Marian Marsh, Norman Foster, Reginald Denney and Donald Crisp in the leading roles.

The picture opens in a Manhattan night club with Max Marsh playing the role of a big hard-boiled cop and comes in the death house at New York with Max Marsh acting in time to save the life of her father. Foster succeeds in death.

On the same program is "Come on Danger," with Tim Keene.

"The Big Broadcast," with Stuart Erwin, Bing Crosby and a host of radio and screen stars is showing at the Empire for the last time today.

### NEW EMPIRE

In view of the approaching retirement of Maurice Colbourne and Barry Jones, with their London comedy success, "The Queen's Husband," at the Empire theatre, November 20-22-23, it is interesting to place back to the Empire the picture of the greatest actress of the last season, after several years.

## NEGOTIATIONS WITH ONTARIO, QUEBEC URGED

### Convention at Lethbridge Recommends Immediate Action

LETHBRIDGE, Alta., Nov. 23.—Recommendations that the Alberta Government negotiate with the provincial administrations of Ontario and Quebec with a view to selling large quantities of Alberta anthracite in the eastern cities were made at the Alberta Hotel Convention in annual convention here last night as part of a general discussion on employment and economic conditions.

The resolution and oral reports into Ontario and Quebec totaled 17,000,000 tons annually. Thereby compensating one of the important sources of Canadian capital in foreign countries.

Citing in particular a deposit of 70 million of coal in the province, the convention recalled a charter for construction of a railway line to this point has been renewed recently for the past 20 years. It also pointed out that persons would be given employment.

After urging the Alberta government to act, the resolution also asked, with particular reference to the deposits located near Calgary that "Advantage be taken of the close tie in the employment of the Federal government as a condition of building the railway and tonnage, thereby providing immediate useful work for thousands of our present unemployed."

### DREAMLAND

Following the musical picture, "The King of Jazz" and "The Vagabond King," recently shown at the Dreamland theatre by the same management, the musical picture, "The Queen of Jazz," is after the style of Gilbert and Sullivan a combination of witty dialogue and wonderful melodies; and included in the entrancing music are sweet tunes, melodies that will be remembered by the audience.

The picture is a costume picture of Vienna, the period 1914 and is rated by the best critics as a production of "extraordinary merit."
